

Recommendation Letter

To the Bright Tomorrow Scholarship Committee

I am pleased to recommend Jordan Lee for the Bright Tomorrow Scholarship. Jordan is a thoughtful student who combines technical curiosity with patience, responsibility, and a genuine interest in helping others.

Academic and Community Strengths

As Jordan's computer science instructor, I observed strong performance in programming, debugging, documentation, and collaborative project work. Jordan regularly helped classmates understand difficult concepts without simply giving away answers.

Recommendation

Jordan would bring discipline, empathy, and technical potential to any scholarship cohort. I recommend Jordan enthusiastically.

Closing

Sincerely, Dr. Evelyn Carter Computer Science Instructor Redwood Community College
